

INSTRUCTIONS FOR ALL CLARK AIRPORT PICKUPS

After retrieving your luggage, walk just outside the exit doors and stop. Our driver will meet you there. He will be waiting in that area and holding a sign board with your full name on it.

If anyone approaches you inside or outside, do not go with him or her. Make the driver confirm your specific job number. Once he has confirmed the number then he is your approved AC Transport driver.

Please follow these instructions and let us know if you have any questions. If for any reason you are unable to meet up with the driver at the airport, please call me on 09777706189 before making any other arrangements.

Note:

Since we are sending our driver, you will still be charged the full rate for the transport if you take another service without speaking to AC Transport as we are available 24 hours.

Thanks again for choosing AC Transport Services.
